Skills

UI/UX Design

Website Design

Responsive Website

Graphic Design

Figma

Photoshop

HTML

CSS

Javascript

jQuery

Bootstrap

Wordpress

PHP

I am a detail-oriented, organized, and creative designer who works at a fast pace to meet tight deadlines. As an enthusiastic team player, I can also work independently and am ready to contribute to the company's success.

Work Experience

Sept 2023 - Nov 2024

Website Designer & Developer
Strikingly

Design and develop websites using Strikingly CMS for clients' businesses and industries in different countries.

Sept 2023 - Jan 2024

Freelance UI/UX, Graphic, & Website Designer
Upwork

Designing UI/UX and websites based on client needs. I use Figma for design and WordPress or HTML, CSS, Bootstrap, and JavaScript for development.

Jan 2023 - Sept 2023

UI/UX & Website Designer
CityStyle IT Solution Corp.

- Designing UI and UX of Japanese website on Figma.
- Created Front-end web design base on the approved design.
- Created the final front-end design on Wordpress for CMS.

Jan 2020 - Dec 2022

Landing Page & Website Designer
EnfraUSA Solution Inc.

- Create and build user-centered designs by understanding user requests
- Design client front-end site using company own CMS
- Understand the given details to make sure all client instructions reflect in their site
- Create and build a responsive website that can adjust in any different platform like Desktop, laptop, tablet, and in mobile devices

Jun 2018 - Jan 2020

Website Designer and Developer
Wilcon Depot Inc.

- Maintenance of the company's website for everyday updates
- Design and Create a fully functional website from scratch using Figma, HTML, CSS, JavaScript, PHP, and SQL Database, for company events
